Floating Assistant

Available on all pages to help with setup, navigation, and support. It does not handle negotiations.

- Respond to Buyer Requests.
- Accept connection requests from Buying Houses.
- Manage sub-accounts (Agents).

Buying House Account:

- Manage multiple agents.
- Connect with multiple factories.
- Assign Buyer Requests to specific agents.
- Monitor deals and analytics (Premium).

3. Verification Process

Verification is document-based and requires backend approval.

Factories must submit:

- Company Registration
- Trade License
- TIN
- Authorized Person NID
- Company Bank Proof
- ERC (Export Registration Certificate)

Buying Houses must submit:

- Company Registration
- Trade License
- TIN
- Authorized Person NID
- Company Bank Proof

International Buyers (EU / USA) must submit:

- Business Registration
- VAT (EU) or EIN (USA)
- EORI (EU) or IOR (USA)
- Bank Proof

Verification status is subscription-based and must be renewed monthly. The more verified documentation a company provides, the stronger its credibility.

4. Messaging & Conversation Rules

Verified Users:

Messages go directly to inbox.

Unverified Users:

Messages appear in "Message Requests."

Buying House Conversation Lock:

- When an Agent starts a conversation, it is assigned to that Agent.
- Other Agents cannot message unless permission is granted.
- This prevents internal conflict.

5. Subscription Plans

Two Plans Available: Free and Premium.

- Increased profile visibility

- Advanced analytics (for eligible accounts)
- Extended management capabilities

Feature visibility varies depending on account type.

6. Video & Audio Calls

- Calls can be initiated directly from chat.
- Optional scheduling feature available.
- All calls may be recorded for security and compliance.
- Users are notified before recording begins.

7. Contracts & Legal Vault

- Digital contracts can be signed through the platform.
- PDF copies are stored securely in the Legal Vault.
- Both parties can access their contract history.

GarTexHub does not process direct financial transactions.

8. Security & Data Protection

- Uploaded documents are securely stored.

- Verification requires backend approval.
- Expired licenses may remove verified status.
- Financial details are protected through encrypted systems.

9. Floating AI Assistant

The Floating Assistant helps users with:

- Understand settings
- Navigate dashboards
- Access help articles
- Connect to support

It does not handle negotiations.
