GarTexHub Documentation Summary

Date: 2026-03-23

Overview

GarTexHub is a B2B marketplace connecting global buyers with Bangladeshi factories and buying houses

Account Types

Buyer: Posts requests, receives quotes, verifies suppliers.

Factory: Responds to requests, manages products and videos.

Buying House: Manages multiple factory connections and staff IDs.

Core Workflows

Buyer Request Wizard: Garments vs Textile step-by-step form, custom fields, tech-pack upload, and verifi

Messaging: Verified users message directly; unverified messages stay as requests.

Verification: Subscription-based (first month $1.99, then $6.99). Restricted wallet credit applies.

Contracts: Digital signatures, PDF contract vault, payment proof submission for Bank Transfer or LC.

Calls: In-chat audio/video calls with recording for audit trails.

Wallet, Coupons, and Early Adopters

New accounts receive $5 restricted credit (verification/subscription only).

Coupons support marketing attribution and restricted credit.

Early-adopter coupons can grant free verification months (payment method required).

Ratings

Ratings are requested after milestones; if no user rating is submitted, the system auto-rates using signals

Notifications

LinkedIn-style notification cards, smart search alerts, and monthly summaries.

Analytics

Buyer/Buying House metrics and marketplace owner KPIs: match rate, conversion rate, response time, de

Support & Reports

Dedicated Support/Feedback/Report page with category, priority, attachments, and tracking IDs.

Moderation & Safety

Strict third-party contact ban, spam/irrelevant content filtering, and staged penalties.

UI & UX

Professional LinkedIn-style layout, role-based pricing views, verified badges, and no fake demo data.
